

FEBRUARY 2023

At the Store

A VERY IMPORTANT ANNOUNCEMENT

BY SUE MILLER, CO-GENERAL MANAGER

Thirteen years ago, Norm and I stepped up as co-General Managers of the Upper Valley Food Co-op. First, alongside the wonderful Kye Cochran, and then on our own. While these years have come with ups and downs, it has been a great pleasure and honor to lead this co-op, full of so many amazing folks, both staff and member/customers. However, it is time for us both to move on to other adventures including more music for Norm and more Oriental Medicine/herbal practice for myself. We look forward to chatting with you in the store as this leadership change takes place. Again, many thanks to you all for your support and encouragement!

PREPARING FOR CHANGE

BY THE GM SEARCH COMMITTEE: TINA BARNEY, ZEA LUCE, KATE ROHDENBURG, AND CHRIS SNEDDON

Members of the Board of Directors are undertaking one of our most important tasks--searching for a new General Manager! Our current General Management Team, Sue Miller and Norm McMullen, will embark on their well-deserved retirement by the end of this June. We know they are irreplaceable, but we are excited to identify a great successor.

The Board wants to hear from you! Our membership and staff can provide crucial information to a successful search. What are the key characteristics you value for the next UVFC Leadership? Please send us your thoughts at UVFCsearch23@gmail.com. We will also circulate a brief survey, both online and in the store.

We know that change can be both stressful and exciting. We're so grateful to Sue and Norm for their many years guiding our Co-op, and we are confident that whoever comes next to lead the UVFC will bring their own skills and strengths to our store. Thank you for informing our search, and we will stay in touch as it moves forward!

Two-day ⚡
